Utility
Docket No. 2000-590

ORDER GRANTING AUTHORITY
TO PROVIDE INTEREXCHANGE
SERVICE AND APPROVING
SCHEDULE OF RATES AND
TERMS AND CONDITIONS

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

In this Order, the Commission grants the request of Worldwide Communications, Inc. to abandon service. We also grant Comtech 21, LLC (Comtech 21 or Company) the authority to provide interexchange service as a reseller throughout the State of Maine and approves the Company's Terms and Conditions and Rate Schedules. Pursuant to Chapter 280, §§ 11 and 12, we exempt Comtech 21 from the requirements of Chapter 210, *Uniform System of Accounts*, and 35-A M.R.S.A. §§ 707 and 708, subject to the conditions described below.

I. APPROVAL OF ABANDONMENT OF SERVICE BY WORLDWIDE

On June 30, 2000, Comtech 21, LLC filed a letter requesting that the Commission "transfer control" of the operating authority of Worldwide Communications, Inc. to Comtech 21. Worldwide obtained authority to provide interexchange telephone service in Docket No. 95-304. We consider this request to constitute both a request by Worldwide Communications, Inc to abandon service and an application by Comtech 21 for a finding of public convenience and necessity to provide the same service now being provided by Worldwide. We address Comtech 21's request to provide interexchange service in Parts II – VII below. As a result of the two transactions Worldwide's authority to provide interexchange telephone service as a reseller will terminate and Comtech 21 will, in effect, take over its service.

II. APPROVAL OF APPLICATION TO SERVE BY COMTECH 21

On June 30, 2000, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, Comtech 21, LLC applied for authority to provide interexchange service in Maine. Before we grant approval under section 2102 for another public utility to provide service, 35-A M.R.S.A. § 2105 requires us to find that the public convenience and necessity require another utility to

provide service in a location where utility is already authorized to provide, or is providing, the same or similar service.

47 U.S.C. § 253(a), enacted by the Telecommunications Act of 1996, states:

(a) In General. No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunication service.

47 U.S.C. § 253(b) states, however:

(b) State Regulatory Authority. Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers.

We find that granting Comtech 21 the authority to provide local exchange and interexchange services in Maine will not impede the preservation or advancement of the public interest goals or policies stated in section 253(b).

Comtech 21's application provides reasonable information indicating that its financial and management capabilities are adequate to provide local and interexchange services in Maine.

III. SERVICE TERRITORY

Comtech 21, LLC has requested authority to provide interexchange service throughout the state. We grant that authority.

IV. APPROVAL OF TERMS AND CONDITIONS AND RATE SCHEDULES

We allow the terms and conditions proposed by Comtech 21, LLC to go into effect. We have reviewed the Company's petition, Terms and Conditions, and Rate Schedules, and they appear to comply with Maine law and the Commission's Rules. Nevertheless, if there is any conflict between a provision in Comtech 21's terms and conditions and the Commission's Rules or a statute, the rule or statute will control.

In general, the Commission believes that a competitive telecommunications market results in services and rates that benefit the public. We believe that the acceptability of Comtech 21's services and rates in the market place provides an adequate test of the

reasonableness of the Company's rates. Accordingly, we allow the rates proposed by Comtech 21 to go into effect.

V. PAYMENT OF ACCESS CHARGES

The Commission has granted authority to Comtech 21, LLC to provide interexchange service both as a facilities-based carrier and as a switchless reseller.¹ Our approval of Comtech 21's application to provide interexchange service in Maine is conditioned on the payment of access charges to local exchange carriers (LECs) who have on file with the Commission approved access charge rate schedules. To the extent that Comtech 21 provides facilities-based interexchange service, it must pay access charges directly to local exchange carriers. Whenever Comtech 21 begins to provide facilities-based interexchange service, it shall notify the Commission and all LECs from which it obtains access, as required by the ordering paragraphs.

Comtech 21 states that at present it will be offering service only as a switchless reseller. Switchless resellers do not pay access charges to local exchange carriers. Instead, access charges are paid by an underlying facilities-based interexchange carrier. As a condition of granting authority to a switchless reseller to provide intrastate service in Maine, Comtech 21's underlying facilities-based carrier must also have authority to provide intrastate service in Maine. Comtech 21 has stated that Global Crossing will be the underlying carrier from which it purchases interexchange services that it resells. Global Crossing is authorized by the Commission to provide intrastate facilities-based interexchange service and must pay access charges for the intrastate interexchange services it sells to switchless resellers providing interexchange service in Maine. If Comtech 21 begins to use another c carrier, that carrier must be authorized to provide intrastate facilities-based interexchange service, and Comtech 21 shall notify the Commission and all local exchange carriers that it uses for the provision of access services as required by the ordering paragraphs.

VI. WAIVERS; REPORTING REQUIREMENTS

As a condition of providing local exchange service, Comtech 21, LLC must comply with the terms of any applicable Commission orders or rules that may govern local interconnection and compensation for interconnection. Comtech 21 shall also comply with any applicable Commission Rules or orders that govern universal service, public safety and welfare, service quality and consumer rights.

¹We define switchless resellers as entities which do not own, lease, or control any switching facilities, or private lines, that it will use to provide telecommunication services in Maine. A reseller who owns a switch in another state, and plans to use that switch to switch or carry Maine traffic, is a facilities-based interexchange carrier. A reseller who does not own facilities in Maine or any other state, or who owns facilities in another state but does not plan to use that switch to carry Maine traffic, is a switchless reseller.

Pursuant to sections 11(A) and 12(A) of Chapter 280, Comtech 21 is exempt from Chapter 210 of the Commission's Rules, which governs telephone utility accounting and annual financial reports, and from 35-A M.R.S.A. §§ 707 and 708, which governs approvals for reorganizations and contracts with affiliated interests. Pursuant to sections 11(A) and 12(A) of Chapter 280, which govern carriers' interexchange activities, Comtech 21 is exempt from Chapter 210 of the Commission's Rules, which governs telephone utility accounting and annual financial reports, and from 35-A M.R.S.A. §§ 707 and 708, which govern approvals for reorganizations and contracts with affiliated interests. Because Comtech 21's rates and operations are likely to be subject to market forces, we do not see any present need to subject the Company to those requirements.

However, as required by Chapter 280, § 11(A), Comtech 21 must report its annual intrastate gross operating revenues, its revenues derived from sales to other carriers, its annual intrastate minutes of use for the purpose of determining its regulatory assessment, and such other information requested by the Commission.² If Comtech 21 resells service to other facilities-based or switchless telephone service providers, the Company must maintain its records in a way that it is able to separately identify those sales. Pursuant to Chapter 280, § 11(B),

shall maintain records sufficient to identify and to allow auditing of traffic volumes, intrastate interexchange billings for both retail and wholesale services, and all information that is necessary to calculate access or interconnection charges in accordance with this Chapter. Those records shall be maintained for a minimum of 2 calendar years.

The exemptions from the affiliated interest approval requirements of 35-A M.R.S.A. §§ 707 and 708 granted by Chapter 280, § 12(A) are subject to the notice requirements contained in Chapter 280, § 12(B) and (C) and in the ordering paragraphs below.

Comtech 21 shall inform the Commission of any changes to its corporate structure and ownership and of any changes in the name under which it does business, as set forth in the ordering paragraphs below. If necessary, it shall also refile its rate schedules and terms and conditions to reflect its new identity.

VII. OTHER REQUIREMENTS

Comtech 21, LLC shall comply with all applicable rules of the Commission and statutes of the State of Maine, including the customer notification rule described in Ordering Paragraph 6.

²The Commission mails the annual reporting forms to carriers in January of each year. The completed forms are due by April 1 of each year.

VIII. ORDERING PARAGRAPHS

Accordingly, we

1. Grant, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, the request of Comtech 21, LLC to provide interexchange service throughout the State of Maine;
2. Approve Comtech 21, LLC's proposed Terms and Conditions and Rate Schedules (pages 1-13), attached to this Order; those Schedules shall be effective on February 21, 2000;
3. Order that Comtech 21, LLC, or an underlying facilities-based interexchange carrier authorized to provide interexchange service in Maine, shall pay interexchange access charges as required approved access rate schedules filed by local exchange carriers;
4. Direct that Comtech 21, LLC shall notify each local exchange carrier in whose service area it intends to originate or terminate calls the date on which it will commence service if it will be providing facilities-based interexchange service, as defined in this Order;
5. Direct that Comtech 21, LLC shall notify the Commission and all local exchange carriers from which it obtains access services of any change in its underlying carrier within 30 days following the change if it is providing resold interexchange service. Any underlying carrier used by Comtech 21, LLC must have the authority to provide intrastate interexchange service in Maine. Comtech 21, LLC shall immediately inform the Commission and all local exchange carriers in the State of Maine from which Comtech 21, LLC will be purchasing access services if there is any change in its operations that will result in its carrying, switching, or any processing of any of its own traffic, at which time Comtech 21, LLC shall begin to pay access charges directly to those local exchange carriers that have approved access charge schedules on file with the Commission;
6. Exempt Comtech 21, LLC from the requirements of Chapter 210 of the Commission's Rules, except that it must report certain revenue and minutes of use information, as required by Chapter 280, § 11(A), on or before April 1 of each year;
7. Exempt Comtech 21, LLC from approval requirements of 35-A M.R.S.A. §§ 707 and 708, but shall provide notice to the Commission of any reorganization, as defined in 35-A M.R.S.A. § 707(1)(A), that results in a merger, sale or transfer of a controlling interest of or of any entity that owns more than 50% of Comtech 21, LLC. The notice required by this subsection shall be filed within 10 days following any reorganization described herein, as required by Chapter 280, § 12(B). As required by Chapter 280, § 12(C), Comtech 21, LLC shall also provide notice of any other changes in the name

under which it does business (d/b/a), any change of the location of its business office, and change of its contact person. Comtech 21, LLC shall provide the Administrative Director of the Commission with notice of any of the changes described within 30 days following the change. If necessary, Comtech 21, LLC shall amend its rate schedules and terms and conditions to reflect any change in identity; and

8. Direct that Comtech 21, LLC shall comply with all applicable rules of the Commission, including the requirement in Chapter 280, § 10 that interexchange carriers provide notice to all affected customers of an increase to any rate that is greater than 20% to all affected customers.
